PIT TOUR INSPECTS BIG BOATS

(Courier Photo)

Thunderboats Rolling In And Pits Ready For Trials

Ten giant thunderboats have arrived in Kelowna for the running of the British Columbia Cup race Saturday.

Hilton Hy-Per-Lube arrived today and Miss Bardahl and Atlas Van-Lines arrived Tuesday night. In addition, other boats that had already come are Wayfarer's Club Lady, Miss Lapeere, Chrysler Crew, Savari's Mist

and Savari's Probe, My Gypsy and Miss U.S.

Last-minute completion of the pit area was being carried out today, as truck-trailer rigs pulling the hydroplanes moved into the area, backing the boats to the water's edge.

HONG KONG TERROR

'Yard' Believed On Trail Of Gold Smuggling Ring

LONDON (AP)—Scotland Yard officials believe they are on the trail of an international gold smuggling ring financing Chinese Communist terrorism and rioting in Hong Kong, police sources said today.

Sub-machine guns, rifles, revolvers, ammunition and moulds for counterfeit coins were uncovered in raids Tuesday on a Bedfordshire farmhouse and in a bakery shop in Middlesbrough.

Sources said detention of several British businessmen who make regular trips abroad is planned. Messages were dispatched to Interpol and other police forces in continental Europe and in the Far East.

Former British spy ace Francis Waterman, 45, and his fiancée, Avril Preston, 38, were charged Tuesday with attempted illegal exportation of gold. Customs officers stripped Waterman's car as it was about to be taken aboard a French ferry at Newhaven, England. They found £10,000 (\$30,000) in gold bars.

British intelligence reports show that recent troubles and riots in the British colony of Hong Kong have doubled the price of gold on the black market. The bullion is said to be urgently needed to help finance the Communist-led rioting against British colonial authority and to supply arms and ammunition.

More than 3,000 persons have been arrested on charges of terrorism and rioting, and Hong Kong police have smashed dozens of Communist headquarters and hideouts, seizing large stores of weapons and explosives.

More than £1,000,000 (\$3,000,000) worth of gold bullion has been stolen in London alone in the last three years. Little has been retrieved.

Logexpo Probed

MONTREAL (CP)—The provincial government has called a second meeting of government officials and representatives of Expo 67 and the hotel industry to discuss Logexpo, the fair's accommodation services.

HYDROPLANE HAPPENINGS

How's this for variations in occupations... Warner Gardner, driver of Miss LaPeer is a retired USAF officer. Red Loomis, driver of Savari's Probe is a plumber. Bill Schumacher, driver of Miss Bardahl is a baker. Bill Muncy, driver of Miss U.S. is a marketing executive.

A visiting newspaperman was both surprised and elated with the unlimited hydroplane press kit and program. Among other essentials, the kit contains a detailed profile on each driver, fact sheets, point standings and results of general information. Last year, nearly 100 radio, press and television people covered the event.

Hippies have the same rights and privileges as other people, the police say. They cannot be charged with vagrancy so long as they can give a proper account of themselves. Police say there is some evidence of drug use but charges cannot be laid without proof. The biggest danger the hippies constitute is in swimming at the usual hours.

Police also said the hippies are a danger to the youth. To date, only one hippie has been arrested Saturday, race day.

For a visitor to catch a glimpse of all the unlimited hydroplanes in the city Tuesday, he would have had to travel from one end of Kelowna to the other Tuesday evening. Miss Bardahl was near Shops City, Miss Atlas Van Lines by the Memorial Arena, Miss Chrysler Crew at a service station on Glenmore Drive and Wayfarer's Club Lady on Sutherland Ave. Others were scattered throughout the city.

Hydroplane waters at Okanagan Stadium can beat the heat during the three-day qualifying runs. The pool will be open for swimming at the usual hours.

Kelowna has also seen a lot of youth. To date, only one hippie has been arrested Saturday, race day.

Lions Fire Dave Skrien

VANCOUVER (CP)—Head coach Dave Skrien today was fired by B.C. Lions of the Canadian Football League.

Champion, a former defensive coach here, is expected to arrive in Vancouver Thursday said McEachern.

The club will be coached for tonight's game at Empire Stadium against Toronto Argonauts, by the three assistant coaches, McEachern said.

The decision to fire Skrien was made final Tuesday night he said, and it was decided to advise the head coach immediately because negotiations for a successor were started immediately.

Enforced qualifying runs will be made beginning this afternoon. Boats must register 95 mph in two of three runs to qualify for the race heats Saturday.

As an added incentive for more pre-race activity that was missing from Okanagan Lake last year, cash prizes will be awarded daily for the top three qualifying runs.

U.K. Stocks Brighten Up

LONDON (Reuters)—The stock market made good progress again today, helped by further consideration of the July U.K. trade figures announced Tuesday, and by an optimistic statement from the treasury on the general economic outlook.

The fire in a news in sterling which reflected these factors brought a further boost to the gilt-edged market.

Dollar stocks were lower on balance, reflecting Tuesday's uncertainty on Wall Street and a fall in the dollar premium. Canadian Pacific declined three points to 147½, but falls elsewhere in Canadian issues were not large. Trans-Canada Pipe Lines and Cominco were firm but Inco faltered after opening higher.

Canadian and home banks were better.

Dieppe Date Remembered

LONDON (Reuters)—RAF Lightning jet fighters will stream Flanders poppies over Dieppe, France, Saturday as part of the 25th anniversary observations of the Second World War raid on the town.

The flower shower will come during a joint air-joint of Canadian and British planes, a British defence ministry spokesman said today.

The British destroyer, Delight will ferry over a 120-man contingent of Royal Marines which, with sailors from the Delight, will form a guard of honor.

The British ambassador to France, Sir Patrick Reilly, will attend the ceremonies. Earl Mountbatten of Burma will be the senior British armed services representative.

Pravda Assails Chairman Mao

MOSCOW (AP)—The Soviet Communist party today unleashed a massive verbal attack against Mao Tse-tung and predicted that the Chinese people "will put an end to his harmful policy."

The attack in the Communist party newspaper Pravda followed a new flare-up between Russia and China over the Soviet ship Svirsk which was held in the Manchurian port of Dairen before being allowed to leave this week.

S. Vietnamese Not Keen Voters

BIEN HOA, South Vietnam (Reuters)—Nine of South Vietnam's presidential candidates today made their first foray into the countryside but met with a largely apathetic response.

About 1,500 Vietnamese turned out in the yard of a school for the first joint political rally since the Sept. 3 election campaign started 13 days ago.

Fiesta Turns Into Nightmare

SALAMANCA, Spain (Reuters)—Thirteen Spaniards were killed in a violent explosion that turned a local fiesta into a night of horror in the little town of Gijón Tuesday night.

Manhunt Starts For Killer Of 9

Businessman Shot To Death —Brother Held

VANCOUVER (CP)—One of Vancouver's better known businessmen and community workers was shot and killed by three bullets in his office Tuesday.

His brother is to appear in magistrate's court today on a charge of capital murder.

Jack Dietrich, 48, was arrested in the office of Dietrich-Colins Equipment Ltd. after the Fred H. Dietrich, was found dead.

A man had driven up to the building, walked into the office, pulled a small automatic pistol and fired three shots.

All three bullets struck Fred Dietrich in the chest, one reaching his heart. He slumped to the floor just as a company vice-president, John Enemark, rushed into the office.

City prosecutor Stewart McMoran said the shooting followed an apparent financial dispute.

"Company employees said the man who entered the office just before the shots were fired had been a frequent visitor in the last few weeks."

Fred Dietrich was vice-president and a director of the Bank of British Columbia, a governor of Simon Fraser University, vice-president of the Canadian

Forestry Association, and president of the Junior Forest Warden's of Canada.

He also was a director of the Boys' Clubs of Canada and a past-president of the Boys' Clubs of Vancouver. He was a director of Big Brothers of B.C. and of the Canadian Association for Retarded Children. He was chairman of the national blood service and donor committee of the Canadian Red Cross.

Business connections included the presidency of Homestake Mines Ltd., and directorships in National Cablevision Ltd., Canadian Wirevision and Western Wheel and Parts Ltd. He was honorary president of the Vancouver Junior Chamber of Commerce.

Premier W. A. C. Bennett said Mr. Dietrich was "a good citizen in every respect, a good family man, a good man in accepting responsibilities over and above his business in public service."

Police On Prairies Hampered By Lack Of Possible Motive

SHELL LAKE, Sask. (CP)—Thirty RCMP officers are conducting a farm-to-farm search today in this area nearly 60 miles west of Prince Albert in an attempt to solve the apparently senseless killing of most of a family of 11.

James Peterson, 47, his wife, Evelyn, 42, and seven of their nine children were shot to death in their farm home Tuesday. Two children survive. A daughter Phyllis, 4, was found in bed with the bodies of her sisters and another daughter, Kathy Hill, recently married and living in Chetwynd, B.C., has returned home to the site of the carnage Tuesday.

The search today by police and dogs will attempt to turn up articles that may have been thrown away by the killer or killers.

Police have discovered no motive for the crime, and no weapon, believed to have been a .22-calibre firearm, at least in some cases fired at short range.

Inspector Brian Sawyer told a press briefing at the RCMP detachment in Spiritwood today that the police roadblocks in the area had been discontinued. "We will use those men to greater advantage in other parts of the investigation," he said.

Thirty RCMP constables from various Saskatchewan detachments early today began a farm-to-farm search for clues. Inspector Sawyer said: "We have arrived at no decision one way or the other how many persons were involved in the slaying."

An RCMP spokesman said the investigators had received several reports of strange cars having been seen in the Shell Lake area the night of the murders.

"This is not unusual in a case like this, and we are checking all reports."

Noticed By Teen-age Sisters

Police also confirmed they are checking on a light blue car which was seen in this community of less than 300 people the night before discovery of the bodies.

The car was seen by Sylvia and Sonya Soyчук, crippled teen-age daughters of William Soyчук. They said it was a strange car in the community, where a park with cabins, a beach and a nine-hole golf course attract people from as far away as Saskatoon, 90 miles south.

The girls say the late model fast-back car drove slowly past several times and the "oldish man" driving waved on one trip past.

Bennett Denies Any 'Pressure' For Bank Of B.C. Subscribers

VICTORIA (CP)—Premier Bennett Tuesday launched a bitter attack on the Vancouver Sun and "its Liberal allies" whom he accused of being "the enemies of B.C."

He said at a press conference that the Sun and its allies had prevented the province from obtaining a large chartered bank with headquarters in Vancouver by preventing the B.C. government from becoming the main shareholder in the bank.

"The Vancouver Sun and its Liberal allies have been successful in stopping B.C. from becoming the main shareholder in this bank," the premier said.

Mr. Bennett told reporters there were strong forces in the Senate antagonistic to provincial government participation in the B.C. bank when legislation setting it up came before the banking committee. He did not name the forces.

The Bennett government had hoped to own up to 25 per cent of the stock in the new bank, but the legislation in its final form ruled out any direct financial participation.

Premier Bennett did not elaborate on how he thought the newspaper and its allies prevented financial participation by the province.

The sun Tuesday said Premier Bennett had attempted to "pressure 10 or a dozen of the largest companies in B.C." by phone to buy at least \$1,000,000 each in shares in the new Bank of British Columbia.

The newspaper said Premier Bennett's "personal meddling" has given the bank a tainted image in the public mind.

Mr. Bennett predicted that the bank, whose initial share sale ended at midnight Tuesday would start operations with a capitalization of \$10,000,000 to \$12,000,000.

He said the bank "with good management could do great things for B.C."

He said the newspaper was "wrong" in its charges that he tried to influence a number of companies to buy shares. He did not elaborate.

"The people of this province should start to think of who their real enemies are in this country," he said.

De Gaulle 'Caused More Harm' Than Good To Quebec Cause

PARIS (Reuters)—Opposition leader Francois Mitterrand said Tuesday that French President de Gaulle's "interference" in Canada's internal affairs might harm French-speaking Canadians' chances of achieving equality in their own country.

Mitterrand, chairman of the Federation of the Left, also said at a press conference de Gaulle's support of the rights of French-speaking Canadians in his recent visit to Canada infringed the French constitution.

De Gaulle could not put himself in the place of the French-speaking Canadians to decide what form their struggle should take, he said.

"If Gen. de Gaulle, by his speeches and behavior, has drawn attention to Quebec's aspirations he has done so in circumstances and on a theme his happy outcome."

De Gaulle's recent visit to Canada ended abruptly after his "free Quebec" speech in Montreal. Prime Minister Pearson said de Gaulle's remarks taken by some to be support of Quebec separatists, were unacceptable.

Mitterrand, runner-up to de Gaulle in the 1965 presidential election, was replying in a prepared statement to the president's policy speech to the nation on television last Thursday.

He was the last of the major opposition figures to react to de Gaulle's attack on his critics as "apostles of decline," unable to understand France's role in world affairs.

Privacy Report Being Studied

VICTORIA (CP)—Premier W. A. C. Bennett said Tuesday a report by R. A. Sargent on the invasion of privacy is being studied and may lead to provincial legislation on electronic eavesdropping.

The premier told a press conference the nature and extent of anti-bugging laws will depend on a study of Mr. Sargent's recommendations by the attorney general's department.

Birth Rate At New Low

OTTAWA (CP)—The national birth rate reached an all-time low of 19.4 per 1,000 population last year, the Dominion Bureau of Statistics reported today.

The previous low was 20.1 in 1937, and last year's rate compared with 21.94 in 1965.

The number of births declined to 387,710 from 413,505 in 1965. All 10 provinces and two northern territories showed a decrease.

British Columbia had the lowest rate, 17.3 per 1,000 population. Newfoundland had the highest among the provinces, 28.5.

Birth rates for other areas last year were: Prince Edward Island 20.3, Nova Scotia 20.1, New Brunswick 20.6, Quebec 19.0, Ontario 19.0, Manitoba 18.7, Saskatchewan 19.9, Alberta 20.9, British Columbia 17.3, Yukon 23.7, Northwest Territories 40.3.

Pearson 'Can't Prevent' Quebec Pensions Plan

Premier Daniel Johnson said Tuesday in Quebec it is not up to the prime minister of Canada to decide whether Quebec establishes its own old age pension. He told a press conference before a regular session of the provincial cabinet that Quebec has the authority to create its own pension system. He said a bill to set up a Quebec pension plan has been prepared. The premier said he has not yet read Prime Minister Pearson's letter which turned aside Quebec's request to take over from the federal government responsibility for old age pensions.

Former foreign minister Evangelos Averoff was sentenced to five years in jail by a Greek military court in Athens today for holding an unauthorized meeting at his home.

Rene Magritte, 69, famed Belgian surrealist painter, died in Brussels Tuesday. Magritte started studying at the Brussels Academy of Art at the age of 18. His works are exhibited in museums throughout the world.

About 100 cars will start Thursday on a 1,580-mile drive through the Yellowhead Pass. The purpose behind the drive, which will get an official send-off from Mayor Stephen Juba, is to promote public interest in the alternate route to the Trans-Canada Highway. It is sponsored by the Yellowhead Route Highway Association, which will be disbanded when the journey is completed.

Two grizzly bears whose coats bore matted blood and whose claws showed traces of something which may be human flesh have been killed by Glacier National Park rangers. The rangers expressed belief the bears were the animals which killed two 19-year-old girls Sunday and severely

mauled a youth. Killed by enraged grizzlies in separate accidents were Julie Helgeson and Michele Koons. Injured and still in hospital was Roy Ducat. All were summer employees in the park.

The Earl of Stanhope, one of the most distinguished members of the house of Lords, died at his ancestral home near Sevenoaks, England, today. He was 86. He was senior Knight of the Garter, Britain's highest order of chivalry, and a former officer in the Grenadier Guards, winning the Distinguished Service Order and Military Cross in the Boer War and the First World War.

Patriarch Alexei, spiritual head of the Russian Orthodox Church, warned in Moscow against false expectations about unity aroused by the meeting in Istanbul three weeks ago of Pope Paul and Patriarch Athenagoras of the Greek Orthodox

Church. Unity could only be settled by a synod of all the Christian churches, he said.

Former British speedway ace Francis Waterman and his fiancée were charged in Newhaven, England, with attempting to smuggle gold bullion out of Britain after customs men stripped their car to its chassis and found \$30,000 in gold bars. The search was made when they drove up to the Newhaven-Dieppe ferry terminal Monday.

Milkman William Humphrey told a court in Exeter, England, he stole a bottle of milk delivered by a rival milkman to counterbalance thefts he himself had experienced. He said he had to pay for milk stolen from his van or from customer's doorsteps. The case was dismissed on the milkman's promise to steal no more.

Donald Taylor Tuesday told a one-man Royal Commission that the Hay River RCMP detachment, in the N.W.T., regularly refused to give him information in his capacity as an editor and reporter. Mr. Taylor, 37, is editor and owner of the weekly Tapwe. He said the mounties would simply give the excuse that "we don't want the story in the paper." The royal commission was sparked by articles in Tapwe which alleged irregularities in the administration of justice in this area 700 miles north of Edmonton.

MacMillan Bloedel served notice Tuesday in Nanaimo that unless there is court intervention it will go along with any request to fire or suspend 42 union holdouts at its Harma plants. Supreme Court Judge J. G. Rulman said he would reserve judgment on an application for an injunction restraining the company from such action. The application was filed by local 698 of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers, of which the 42 are members.

This weekend founding conventions of the Liberal party in Kamloops and Prince George will have Paul Hellyer, minister of defence, in attendance as the guest speaker. After his visit to the Canadian Forces base in Vernon Thursday, the minister will be the guest of the Okanagan Valley Liberals at a breakfast in his honor prior to leaving for Kamloops. The minister's activities in Kamloops Friday will include a civic reception with mayors Peter Wing and Jack Chilton of Kamloops and North Kamloops attending, an afternoon on the streets of Kamloops meeting with the public, a dinner-founding convention of the Kamloops Cariboo work-spread system that keeps sailors on call for 24-hour periods.

Also important was the Seafarers' request that overtime worked in excess of 48 hours be "banked" while the men are aboard ship and taken as paid holidays when their vessel reaches port.

The SIU has announced approval of conciliation board recommendations of a 30-percent wage and fringe benefit increase spread over three years. But Benjamin Truax, chief negotiator for the company, says union leaders demand closer to 55 per cent when talking to the company in private.

COL. BOUMEDIENNE
... no hurry

Tshombe Still Waits

ALGIERS (AP)—Both the Algerian and Congolese governments seem to be having second thoughts about extraditing Moise Tshombe to the Congo to face the death penalty.

Algeria's Col. Houari Boumedienne is in no hurry to hand Tshombe over to Congo President Joseph D. Mobutu despite the Algerian Supreme Court's July 21 decision recommending extradition.

Tshombe, 47, former Katanga separatist leader and former premier of the Congo was kidnapped on a flight over the Mediterranean and brought to Algeria June 30. He had been convicted in absentia of treason and conspiracy against the Mobutu regime.

Algerian officials and the government-controlled press have repeatedly hinted that the Mobutu government may set up an international revolutionary tribunal to try Tshombe in Algeria for "crimes against Africa."

Those hints imply that Algeria does not regard the Mobutu regime as sufficiently revolutionary to be trusted to deal with Tshombe in true revolutionary fashion.

Once Tshombe is extradited, Algeria would no longer have any control over what happens to him.

REFUSES CONCESSIONS
Diplomatic sources said Mobutu has refused to make the political concessions which might have persuaded Algeria to extradite Tshombe without delay.

Such concessions are reported to include a Congolese break with Israel, a disengagement from U.S. influence and an amnesty for Congolese leftist leaders in exile, including Antoine Gizenga, head of the short-lived Congolese People's Republic in Stanleyville, now Kisangani.

Diplomatic sources say Mobutu now recognizes that Tshombe's kidnapping was a political mistake.

Tory Leadership Racers Try Variety Of Methods

By THE CANADIAN PRESS

Candidates for the Conservative party leadership took a variety of approaches Tuesday as they continued efforts to pick up delegate support for the Sept. 5-9 convention in Toronto.

Most of the activity was concentrated in Ontario.

Premier Robert Stanfield of Nova Scotia projected a quiet, "call me Bob" image during a day-long tour of the Ottawa Valley.

The other premier in the race, Duff Roblin of Manitoba, issued a call for national unity in Toronto after visits earlier in the day to Kitchener and Hamilton.

George Hees, former trade minister, told a Toronto rally he will abolish the Company of Young Canadians if he becomes prime minister and Davie Fulton, former justice minister, told a London meeting he has found multitudes of uncommitted voters looking for a political home which the Conservative party could provide.

In Regina, another former cabinet minister, Donald Fleming, turned his attention to Dalton Camp, the party president who spearheaded the drive to hold the leadership convention over the objections of present Leader John Diefenbaker.

Mr. Fleming, who called for a federal-provincial meeting on fiscal matters, told a press conference that Mr. Camp's recent suggestion that Canada should set out of military alliances

does not reflect the views of the party generally.

He said he personally supports Canada's membership in NATO and NORAD.

In Toronto, Mr. Roblin repeated his calls for a system of priorities for government spending, and suggested a second look at the universal and compulsory nature of the government's medical care insurance program due to take effect next July 1.

Mr. Roblin also disagreed with Mr. Camp's NATO statement, although he said Canada's foreign policy and defence strategy should be examined to see "if it meets the needs of the seventies."

Premier Stanfield told a small gathering at Arnprior, Ont., he was encouraged by support in Ontario and the Atlantic provinces, as well as his impact in Alberta and British Columbia which "exceeded my expectations."

Mr. Hees said the Company of Young Canadians "is a complete waste of money and I personally can't see any good that it's doing." He said the volunteer youth service, incorporated last year by Parliament to help community development, was an example of the Liberal government's mismanagement and inefficiency.

Mr. Fulton said his 65,000 miles of campaigning has shown him that many voters are undecided and frustrated because "they don't like the

kind of government they've been getting." Mr. Fulton had one good word for Prime Minister Pearson. He told his London meeting he agreed with Mr. Pearson's note to French President de Gaulle that prompted the French leader to cut short his visit to Canada after becoming embroiled in a separatist controversy.

He said he seldom agreed with Mr. Pearson but in this case the prime minister "spoke for Canada with authority and in moderation, and I support him."

Arab Refugees Returning Home

GENEVA (AP)—Refugees from the Middle East war will begin returning to their homes on the Israeli-occupied west banks of the River Jordan at the rate of 1,000 a day starting Friday, the International Red Cross Committee announced today.

The Red Cross said it thus far has handled more than 21,000 repatriation application forms, representing 80,000 persons.

The number of refugees currently on the Jordanian east bank of the river is estimated at more than 200,000.

The repatriation operation is expected to take several months.

Sailors To Cast Vote Today On Threatened SIU Strike

MONTREAL (CP)—Sailors in Port William and Port Arthur, Ont. cast their ballots today on an inland shipping strike called for noon Thursday against "an industry lagging 20 years behind the times."

The Ontario voters are the final 20 per cent of 5,400 Seafarers' International Union members marking their ballots and do so too late to change the course of events.

Seafarers in ports from Halifax to Toronto have already put the pro-strike vote well over the needed two-thirds majority. Barring an unanticipated last-minute settlement, union officials intend to announce the decision to strike formally late today.

The 5,400 seafarers will walk off an estimated 180 lake carriers operated by 32 shipping companies whose spokesmen say the industry is unable to afford the Seafarers' demand for a 40-hour work week and improved conditions.

HALT ORE SHIPMENTS
And they will halt about 82 per cent of cargo passing over the Great Lakes, including ore shipments that at this time of year are about the most impor-

tant bulk items carried by the long ships. Overseas grain and wheat shipments—seriously affected by last summer's 39-day longshoremen's strike—now are moving through Churchill, Man., and should escape the scheduled strike unless it lasts well into the fall.

An SIU spokesman said the two big stumbling blocks to any agreement remain the union's 40-hour-week demand and a request for elimination of a work-spread system that keeps sailors on call for 24-hour periods.

Also important was the Seafarers' request that overtime worked in excess of 48 hours be "banked" while the men are aboard ship and taken as paid holidays when their vessel reaches port.

The SIU has announced approval of conciliation board recommendations of a 30-percent wage and fringe benefit increase spread over three years.

But Benjamin Truax, chief negotiator for the company, says union leaders demand closer to 55 per cent when talking to the company in private.

Newark Riots Cost \$10 Million

NEWARK, N.J. (AP)—The five days of rioting that ripped this city last month cost more than \$10,000,000 in losses to businesses that were looted, burned or otherwise damaged. A report released Tuesday by P. Bernard Nortman, chief of the city's office of economic development, placed the exact loss estimate at \$10,251,200 with the bulk of the loss due to looting.

Loss of store stocks from looting and other causes amounted to \$8,284,060.

Physical damage to business establishments was fixed at \$1,967,140.

Loss of liquor stocks was \$1,800,050, the highest of any category.

A total of 1,029 stores, with 4,492 employees, were damaged in some way during the riots.

Pearson Digs Heels In To Turn Down Quebec

Prime Minister Pearson seems at last to have dug his heels in and refused to accede to a Quebec demand. In a move which was a surprise to many people who felt the prime minister was too Quebec-oriented, he said quite definitely at a press conference in Ottawa Tuesday, that the control of old age pensions, personal income tax and other social responsibilities, must stay in federal control. He was replying to a letter dated Aug. 8 from Premier Johnson.

These items had been specifically entrusted to the federal government under the British North America Act, and, Mr. Pearson said, there was no reason for change.

Some Quebecers are likely to be unhappy at this attitude from a man they had come to regard as a friend of La Belle Province.

Mr. Pearson is a friend of Quebec. He is also a friend of all the other provinces. But in his statement, he made it clear he regards himself as the protector of all Canadians, no matter in which province they happen to reside.

All his words dealt with the tax request, but nobody could miss the message behind them. Mr. Pearson said: "Such action (to hand over this responsibility) would greatly reduce and perhaps destroy the ability of Parliament to redistribute incomes in this way between Canadians of different incomes. It would harm all Canadians

who benefit from such redistribution arrangements, including the people of Quebec who on balance benefit substantially.

"Since the federal government has a responsibility for the welfare of Canadian citizens, in all the provinces, including the province of Quebec, it is not prepared to abandon the arrangements that Parliament has established to bring about a fairer distribution of income in Canada."

Mr. Pearson did not bar the door to Quebec supplementing the federal old age pension, and this is a reasonable approach. If Quebec feels that it is in a position to give the older people an extra amount, then no fault could be found with that.

But the federal government's duty is clear. As the constitution stands, Ottawa has the responsibility for every Canadian's welfare. If Quebec opted out of the pensions, income tax and welfare fields, Ottawa would inevitably lose some of that responsibility for Canadians in Quebec.

The move would also have divided Canada still further—and doubtless this was Mr. Johnson's reasoning. The prime minister has made himself quite clear on that point; he does not wish to preside at the dissolution of the Canadian nation.

So behind Tuesday's velvety and proper statement, there was a mailed fist, and the words emblazoned on it could well be *Il ne passera pas*. . . . Ottawa has retreated far enough.

A policeman smartly directing traffic, double-decker buses and Victorian architecture are all reminders of the days

when the English ruled India. This scene in Calcutta is typical of many in India's cities—and some Indians say that

there is more English influence in the Asian nation now than there was 20 years ago when British rule ended.

Plenty Of English Still Left After India's Independence

NEW DELHI (AP)—Britain's colonial rulers pulled out of India 20 years ago Tuesday but they left behind a cultural, linguistic and governmental way of life that lingers.

There are today still zealous nationalists who complain that India is more British than British. When the British were here as rulers, imitation of their way of life had an almost slavish quality. Now that they are gone, it is fashionable to look and act British.

J. B. Kripalani, one of the country's most respected independence fighters, asked critics of continuance of the English language in India not to waste their breath. "The Englishness has come to stay."

More families are using English in their private conversations at home and "when they get angry they switch to English because it has a richer vocabulary," he added.

More boys and girls are in

public schools or schools run by Western missionaries or Anglo-Indians, and more Indians are going to the United Kingdom for higher studies, he said.

He quoted the example of the children of the late Prime Minister Lal Bahadur Shastri studying in St. Columba's high school in New Delhi, run by Irish missionaries; and of both sons of Prime Minister Indira Gandhi, studying in the United Kingdom. In Parliament and in the 17 state legislatures, the precedent of the British House of Commons is quoted whenever there is doubt.

In Parliament, speeches are made in English more than in any other language. Even the controversy for and against the replacement of English by Hindi is conducted—often heatedly—in English.

British statues are slowly being removed from the parks. But two statues of British royalty still dominate the scene in New Delhi—King Edward VII, on the spot where his son, George V, announced the shifting of the capital to Delhi in December, 1911, and George V himself behind India Gate, memorial to First World War dead.

Life-size oil paintings of the various British monarchs and the successive viceroys of India in the presidential mansion will remain there for many more years.

British names of roads, cities and clubs remain. Many of the games which the British made popular persist, with cricket topping the list. Polo is a prince's game in which India has world ranking alongside Argentina, Spain and the United Kingdom.

Horse racing is another of the British pastimes.

The Indian armed forces are patterned after the British. The Indian navy has combined exercises periodically with British or the Commonwealth navies.

The Indian academies are patterned after Britain's and some have British staff members. Huge portraits of former British commanders-in-chief of the Indian army hang all over the place. Most books in the library are British.

In the business world, the British also dominate. The majority of the top 18 industrial concerns in India are British.

But India's deepening poverty and crowding resulting from the overpopulation are taking their toll of things British. Buildings built by Britons verge on collapse for lack of repairs, original British architecture is hardly discernible behind makeshift mud huts and the thousands of tiny business stalls which line streets and alleys.

Even the ornate government ministerial buildings now are crowded beyond capacity.

OLD PRACTICE REVIVED EDMONTON—A 19th-century practice has been revived in the renovated St. Albert's Roman Catholic Church. Holy Communion is received in a kneeling rather than standing position.

Dear Dr. Molner: Does a woman become fatter if she has her fallopian tubes tied? Will it affect marital relations in any way? Can having this surgery ruin a woman's health?—Mrs. A.E.T.

No, no and no.

Dear Dr. Molner: I have always had very fine hair so am elated with the wiglets and hair pieces available now. Is there any possibility that overuse of them could contribute to hair loss? I attach them with bobby pins which I think damage my hair?—Mrs. J.E.G.

I see no cause for worry. The bobby pins might conceivably break off some of the hair shafts, but the hair would grow out again, anyway. There would be no hair loss.

Ordinary hygiene is necessary—just the normal periodic shampoo, and keeping the wig itself clean.

Dear Dr. Molner: How long are smallpox vaccinations effective? Do they last a lifetime? If not, how often should a person be vaccinated?—Mrs. S.W.

No, they do NOT last a lifetime, which is a fact that many of us have been trying to make clear. Re-vaccination every five years is the safe rule. However, if you go abroad, you must, to return to your own country, show that you have had such a vaccination within three years. Otherwise you are subject to retention in quarantine on arrival in the country.

Okanagan Dancers Featured In Banff Festival Ballet

By FLORA EVANS
Courier Women's Editor

Now that life seems a tiny bit flat as the excitement of Regatta week festivities and the pre-Regatta hockey spectacular are over, I would like to remind Kelownians that there is another treat to look forward to. The Banff Festival Ballet will be here on Saturday evening, and will present a varied and interesting program at the Kelowna Community Theatre at 8:30 p.m.

Besides such outstanding stars as Bill Martin-Viscount, Linda Di Bona, Eric Hampton, Richard Jones and choreographer James Clouser, there will be four Okanagan girls dancing important parts this year. Among the leading dancers in the *Les Sylphides* will be two bright young dancers who will alternate in the solo waltz. Patricia Ross, a sparkling dancer who was with the Calgary Ballet Company, will alternate with Laura Gray of Kelowna. Miss Gray, who will appear in this role during the Kelowna performance, trained with Gweneth Lloyd and has a lyrical quality to her dancing which should stand her in good stead this September when she will go on scholarship to the

been a leading dancer with the Royal Winnipeg Ballet for the past nine years, will join Rudolph Nureyev's new company in Monte Carlo as a principle dancer for the coming season. Last season he was the only Western member of the Bolshoi Ballet Company.

Royal Winnipeg Ballet as an apprentice.

Also dancing in *Les Sylphides* will be young Cathy Edwards of Kelowna, who attended the Banff School of Fine Arts this summer on the Jennifer Poole Memorial Scholarship, while Kathy Duffy of Kelowna, who won a Banff School of Fine Arts scholarship this summer, will be a member of the corps de ballet.

Denise O'Brien of Penticton, who will graduate from the Canadian School of Ballet this year and plans to continue her training at the Royal Ballet School in London, will dance the role of Sylvia the Pirate Queen in James Clouser's new and amusing ballet *Yo Ho Ho* and a *Bottle of Fun*, which is set to some of Gilbert and Sullivan's most charming music. Cathy Edwards of Kelowna will also perform in this number.

Clouser has also choreographed a bold modern work entitled *Underworld* for this year's festival presentation, so no matter whether your tastes run to the classical, the amusing, or the modern in dancing, you will be sure to enjoy the Banff Festival Ballet and will be proud of the young Okanagan dancers taking part in this annual event.

ANN LANDERS

All Men Should Have Annual Medical Checks

Dear Ann Landers: There are many theories on why women live longer than men. The scientific reason makes sense, but I would like to discuss what I feel is Number One. MEN WON'T GO TO A DOCTOR.

Most women have babies, which means they must see a doctor from time to time so they become accustomed to doctors and checkups. If a woman notices a danger signal she will go find out what it means. Most men are afraid of doctors and will not go to one unless they become very sick. Often, by that time, it is too late.

My own husband (aged 45) never went to a doctor in his life. He had a physical before he went into the Army and that was it.

Two years ago he got it into his head that he had heart trouble. He started to drink, lost weight, couldn't sleep. He got so nervous it began to affect his work. Finally I dragged him to a doctor. He was checked from head to toe and the doctor said he was in very good physical condition and his heart was perfect, but he was run down from worrying about the heart trouble he didn't have.

That was three weeks ago and my husband is like a new man. He said he could kick himself for behaving like a fool. Please print my letter for wives who have this problem. Maybe if they show this to their husbands it will get them to go to a doctor and save off widowhood for 10 or 20 years. — MERCEDES, CALIF.

Dear Mercedes: Here's your letter — and a very good one it is. I hope the men who recognize themselves will get action and do something. Every husband owes it to his family to get an annual check-up. The time and inconvenience is a small price to pay for

better health and added years of life.

Dear Ann Landers: I am 23, have a good job, and everyone says I have good sense. Several months ago I started to date a man who is divorced and I am pretty sure we are in love.

Last week he asked me to marry him, but because of his first experience he does not wish to take any more chances. He feels that we should live together a few months to see how we get along under domestic circumstances. He wants to see if I am a good cook and housekeeper, how I behave in the morning, and what my night habits are.

He says he is almost sure I will pass the test, but he wants to make certain. If I refuse to go along with his proposal, I might lose him. Yet if I agree he may tire of me and not marry me after all.

Please give me some practical advice, Ann. I want to marry this man. — 2B OR NOT 2B

Dear B: If you want to offer yourself for a 90-day free trial, like a vacuum cleaner, go ahead, but don't expect it to enhance your chances for marriage. If anything, it will diminish them.

Your proposal is not really a proposal. It is a proposition. Dummy.

Confidential to Miffed A. Plenty: Put your nose back in joint, Kiddo. This country has been pretty darned good to you. What have you done to improve the situation you find fault with?

Fabulous Cake Highlights Summer Wedding Reception

The Church of the Immaculate Conception was decorated with white and gold baskets of pink and white gladioli for the July evening wedding of Erna Maria Bapst of Kelowna, daughter of Mr. and Mrs. Joseph Bapst of Triboung, Zurich, Switzerland, and Henry Camenzind, eldest son of Mr. and Mrs. Alois Camenzind of Zug, Zurich, Switzerland.

Rev. Father Fulko officiated at the double-ring ceremony, and the soloist Mrs. Joseph Gregory sang the Marriage Blessing, A Prayer for a Perfect Life, and the Ave Maria, accompanied by Mrs. John Suchnik.

As their parents were unable to come from Switzerland for the wedding the bride and groom walked up the aisle together.

Radiant in a full length gown of embossed silk damask the bride wore a gold cross, a gift from the groom and carried a cascading bouquet of pink elegant carnations, baby's breath and ferns, entwined with mother of pearl loops and tied with deep rose taffeta ribbon. Her gown, which was fashioned with a scoop neckline, long lilypoint sleeves and empire waistline, featured a train trimmed with tiny damask bows, and a semi-circle of rhinestones held in place her three tiered, elbow length veil of nylon tulle.

The matron of honor, Mrs. Adolf Meier was charming in a sleeveless sheath of Chantilly lace over pink peau d'elephant topped with a jacket of matching peau d'elephant with short sleeves and lace covered buttons. She wore an aurora borealis pendant and earring set, a gift from the bride, and carried a bouquet of white baby carnations, looped and tied with deep rose ribbon, and her headpiece was a circlet of Chantilly lace topped with a silk chiffon rose.

Pretty little six-year-old Sharon Meier was the flower girl, and her full skirted dress was of Chantilly lace over peau d'elephant. A Mr. John bow was set on her blond ringlets, and she wore a centennial jeweled pendant, a gift from the bride, and carried a miniature replica of the matron of honor's bouquet.

Acting as best man was Adolf Meier of Kelowna, the young ring bearer was Master Doug-

las Meier, aged seven, and Erik Hak was master of ceremonies and proposed the bridal toast.

Following the ceremony a reception for some 75 guests was held in the Chandelier Room of the Capri Motor Hotel where a five-tiered wedding cake highlighted the bride's table. The cake, which was baked by the best man and decorated by the groom, who are both bakers, was topped with a miniature bride and groom standing under a lace covered arch. Each layer was iced with rosettes graduating from deep rose at the bottom to pale pink and each of the layers was set on swans in inverted goblets while on each corner of the layers latticed heart designs were superimposed. The bride's bouquet set on either side of the cake completed the decor.

RUTLAND ITEMS

Mr. and Mrs. Richard Reith and their daughter Linda, of North Vancouver, accompanied by Miss Marilyn Scott of West Vancouver, are visitors at the home of Mr. Reith's parents, Mr. and Mrs. George Reith.

Mr. D. D. Morrison and children, of Williams Lake are visiting Mrs. Morrison's parents, Mr. and Mrs. O. E. Taylor, Hardie Road.

The infant daughter of Mr. and Mrs. John Freeman was christened Carol Lynn at a baptismal service on Sunday morning at the Rutland United Church with Rev. Howard Hall officiating. The baby wore a christening robe that had been worn by other members of the maternal side of the family since 1832.

Mr. and Mrs. Sam Kramer of Yorkton, Sask., have been recent visitors of Mr. and Mrs. C. E. Taylor, Hardie Road. Mr. Kramer is a nephew of Mrs. Taylor.

Rev. J. A. B. Adams, former pastor at the Rutland United Church, now a resident of Osoyoos, was a visitor at the home of Mr. and Mrs. Elwyn Cross, Friday and Saturday, while exhibiting a number of his paintings in Kelowna during the Regatta. Mr. Adams, who has had to retire from the ministry due to poor health, moved to Osoyoos in March and has developed his painting from a hobby to a worthwhile commercial venture.

Visitors of Mr. and Mrs. Melville Goss at this time are two aunts of Mrs. Goss, Mrs. Lottie Denn and Mrs. Pearl Lavoie, both of Toronto, Ont.

Mrs. Edith Williams of Parkland, Alta., is a visitor at the home of her son-in-law and daughter, Mr. and Mrs. Ira Jones. Also visiting at the Jones' home is a brother of Mrs. Jones and his wife, Mr. and Mrs. Glen Williams with their daughter Debbie, also from Parkland. Other Alberta visitors at the home of Mr. and Mrs. Jones are Miss Sue Nash and Ernie Ross.

PAINTING WILL TOUR FORT FRANCES, Ont. (CP) — A semi-abstract oil painting by local artist Millie Gladu has been purchased for the Ontario centennial art program. Called *Solomonity*, it was among 50 works by northwestern Ontario artists selected for an exhibit that will tour the province until 1970.

New Home Recipe Reducing Plan

It's simple how quickly one may lose pounds of unsightly fat right in your own home. Make this home recipe yourself. It's easy, no trouble at all and costs little. Just go to your drug store and ask for four ounces of Naran Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoons full a day as needed and follow the Naran Plan. If your first purchase does not show you a simple easy way to lose bulky fat and help regain slender more graceful curves; if reducible pounds and inches of excess fat don't disappear from neck, chin, arms, abdomen, hips, calves and ankles just return the empty bottle for your money back. Follow this easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly blood disappears—how much better you feel. More alive, youthful appearing and active.

Specialization Need Seen In Canadian Manufacturing

QUELPH (CP)—The need for Canadian manufacturing industry to specialize and extend production runs to improve Canadian productivity will be stressed in the Economic Council of Canada's next publication, Council Chairman John Deutsch said Monday.

Mr. Deutsch, who retires next month as head of the government-appointed but independent long-range economic planning body, said only by more rapid increases in productivity can the gap between per capita incomes in the United States and Canada be reduced.

"Over the last 10 or 15 years Canada's rate of improvement in productivity has been slower than for most other industrial countries," he said.

LOOKS FOR CAUSES

"Consequently, the Economic Council of Canada has been devoting an increasing amount of its efforts to the task of determining the basic causes of this disappointing performance, and the steps needed to improve it."

He said productivity growth depends on:

1. Advancing the skills, education, training and know-how of manpower.
2. Advancing industrial technology, increasing the scale of production and specialization in production, and increasing the amount of capital-plant and machinery-per worker.
3. Seeing there is ready flexibility and adaptability of manpower and capital, permitting resources to shift from less-productive to more productive areas of employment.

Mr. Deutsch spoke to the opening session of a joint annual meeting of the Canadian Agricultural Economics Society and the American Farm Economic Association.

Mr. Deutsch told the farm economists that Canadian agriculture is faced with a challenge to provide food for highly industrialized, urbanized societies and to share in the feeding of peoples of other nations with less adequate agricultural industries.

Opening lead—king of spades. There is nothing extraordinary about a declarer playing in a contract that has almost no chance of success, but some of these so-called hopeless contracts can be made when there is exactly the right combination of luck and skill.

Here is a fine example of the combination at work. Considering his strictly limited resources, North should probably have passed two spades, but since his voluntary raise resulted in making a slam, it is somewhat difficult to criticize him severely.

West led the king of spades and continued with the ace, which South ruffed. At this point there was not much hope for the contract, but declarer played for whatever chance there was by leading a low heart to dummy and returning a club.

When East followed low, South inserted the ten, which held the trick. Once the double finesse had succeeded, South was well on the way towards making the slam. After drawing three more rounds of trumps and cashing the A-K of clubs, declarer arrived at this position:

South now led the ten of hearts and West, who could not afford to part with the jack of spades, discarded a diamond. Declarer thereupon discarded the spade from dummy and now East, who could not afford to part with the queen of clubs, also threw a diamond.

As a result, South won the last three tricks with the A-K of diamonds, which seems to prove that North's three heart bid had more merit than is visible to the naked eye.

YOUR HOROSCOPE

FOR TOMORROW

Favorable stellar influences continue to foster romance and the making of new friendships; also to stimulate creative pursuits. Mercury, somewhat restrictive, however, urges care in written matters, communications generally.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates career advancement and financial gain during this new year in your life; also the possibility that you will receive some generous token of appreciation for your endeavors—quite possibly in late December. So as not to spoil this pleasant picture of success, however, do avoid extravagance and/or speculation between now and December 20th. Risking assets on the latter could be disastrous—especially during October and November. Most propitious cycles for monetary interests: Between December 20th and February 15th, in June to

fine month for expansion), July and August.

Job advancement is also predicted during the aforementioned periods, with additional chances of receiving recognition from superiors during the coming month, in April, mid-May, June and/or July. Most inspirational—and profitable—periods for creative workers: September, December, February, May and June.

With the exception of brief periods in early March and early June, when it will be important that you avoid a tendency to antagonize loved ones, you should have smooth sailing on the domestic front. And if you are single, you may find new romance in September, late December, next April and/or May. Best periods for travel: February and the late-May-early September weeks of 1968. A child born on this day will be extremely ambitious and will be endowed with the energy and determination to achieve whatever his aims.

Jimmy Ellis of Vancouver, sporting a nifty duffers hat, shot a poor (for him) 154 in the qualifying round of the Canadian Amateur Golf tourney at Victoria. The 18-hole cut-off was 146. Among the top entries in the open is the U.S. Amateur champion Gary Cowan of Kitchener, Ont. The 1967 Ogopogo champ Johnny Russell of the Pt. Riders Crushed By Stampeders

CALGARY (CP)—Calgary Stampeders crushed the Grey Cup champion Saskatchewan Roughriders 36-10 in a Western Football Conference game Tuesday night and moved into a first-place tie in the WFC with Winnipeg Blue Bombers and the Riders, each with two wins.

Calgary capitalized on Saskatchewan errors for the victory. Saskatchewan fumbled four times and each fumble led to a Calgary score.

Playing before a record crowd of 22,846 at McMahon Stadium, Calgary quarterback Peter Liske displayed some of the form lacking when the Stampeders dropped a 27-16 decision to the Blue Bombers in Winnipeg last week.

Liske threw two touchdown passes to Herman Harrison and one to Gerry Shaw. He also sent Bob Patmore in for a touchdown on a 62-yard pass-and-run play. Art Froese scored the other Calgary touchdown after recovering a fumble on a punt. Bill Goods converted three of the touchdowns and kicked two singles and Jim Furlong kicked one single to account for the rest of the Calgary scoring.

SCORES ON INTERCEPTION
Saskatchewan's only touchdown came when 260-pound defensive lineman Ed McQuatters picked off a Liske pass and rammed 67 yards to score. Jack Abendsehan added a field goal and conversion to round out the Riders' scoring. The Stampeders rolled up 122 yards on the ground and Liske completed 23 of 37 passes for another 301 yards. The Riders gained 71 yards along the ground and 211 through the air. Saskatchewan quarterback Ron Lancaster completed 13 of the 27 passes.

Action in the Canadian Football League continues tonight with Toronto Argonauts meeting the winless British Columbia Lions in Vancouver and Ottawa Rough Riders playing the Bombers in Winnipeg.

B.C. Lions coach Dave Skrien will have to do some improving in his lineup for the encounter with the Argonauts.

Ted Gorela, rookie place-kicker, specialist and halfback, sustained an ankle during practice. Other Lions are suffering from a assortment of bruises and bumps.

PETER LISKE
... James Liske

Jim Young, halfback who was with Minnesota Vikings of the National Football League before joining the Lions this year, is also out of the lineup. Young sprained his foot when the Lions were dumped by Saskatchewan last Friday.

Five Argonauts will be having a homecoming when they meet the Lions in Empire Stadium in Vancouver. Dick Fouts, Bill Frank, Bill Symons, Bob Swift and Mel Profit all have served time with the Lions and they will be out to prove their victory over Montreal in the

Eastern Conference opening game was not a fluke.

In Winnipeg, the focus will be on quarterback Kenny Ploen and defensive back Norm Rauhaus, both out to reach individual milestones.

All Ploen has to do is complete six passes to reach the 1,000 mark.

An interception for Rauhaus will make him the all-time Blue Bomber pass defender. Rauhaus and Gordie Rowland now share the club record of 31.

Lions, Eksks Lead

By THE CANADIAN PRESS

An extra game in the first week of the Western Football Conference schedule has given Edmonton Eskimos and British Columbia Lions a big edge in individual achievement despite being the bottom two teams in the league.

Statistics released today by the Canadian Football League show only two Saskatchewan Roughriders and Skip Spruill of Calgary Stampeders leading statistical categories.

Spruill has the longest return of a fumble, 19 yards in the Stamp 27-16 loss to Winnipeg Blue Bombers Aug. 9 while Jack Abendsehan of Saskatchewan has completed six of seven convert attempts for six points and a .857 average.

Gene Wlasniuk is the other Saskatchewan leader, with three interceptions good for 25 yards.

The statistics do not include Tuesday's game between the Stampers and the Roughriders.

LEADS SCORERS

Jim Thomas of Edmonton holds a slim one-touchdown lead over George Reed of Saskatchewan; 24 points to 18. In his three games, Thomas has rushed 261 yards on 39 carries, a 6.7-yard average. Sonny Homer, the veteran Lions flanker, has caught 10 passes for 179 yards, just two more than team-mate Jim Young.

Bernie Faloney is the leading passer for B.C. with 32 completions of 70 tries for 800 yards—a .457 average.

The best completion record belongs to Ken Ploen of Winnipeg with a .708 average on 28 completions in 39 tries for 317 yards.

Randy Kerbow of Edmonton has the best punting average—44 yards—with 965 yards on 22 kicks and team mate Trent Walters leads both in punt returns and kickoff returns. Walters has run back 18 punts for 93 yards and six kickoffs for 128 yards.

The remaining Edmonton leader is end Peter Kempf with three field goals in four attempts for 12 points.

Little League Finals Open At Valleyfield

VALLEYFIELD, Que. (CP)—Sean Poulson hit a triple to set up the run that gave Windsor East a 1-0 victory over Dorval in the first game of the Canadian Little League championships Tuesday night.

Shortstop John Schneider drove Poulson in with a bunt in the second inning of the carefully played baseball game between the top little league teams of Quebec and Ontario.

Four teams—from Trail, B.C., Moose Jaw, Sask., Windsor, Ont., and the Montreal suburb of Dorval—entered the elimination finals as survivors of divisional series among 300 baseball leagues across Canada.

Windsor had four hits and three errors in the Tuesday night game which featured sizzling pitching by both Richard Hadju of Windsor, the winning

pitcher and Dorval's Doug Hyndman.

Pitching before a crowd of about 3,000, Hadju struck out seven while Hyndman had six strikeouts.

The well-balanced Ontario representatives are favored to take the Canadian title. They displayed similar sizzling pitching and skilled hitting last week in downing their Windsor North counterparts, the 1966 champions, and going on to defeat Toronto for the provincial title.

In today's second game of the series Trail plays Moose Jaw, the Prairie sectional representatives.

Windsor will meet the winner of this match Friday in a game to decide the Canadian championship. The champions travel to Williamsport, Pa., to play in the Little World series which starts Aug. 21.

A Little Bit Of Pacing Preceded The Victory March

SASKATOON (CP)—Betty Stanhope Cole of Regina and Correen Brunham of Calgary became champions Tuesday at the Canadian women's golf championships, but both had to pace around the clubhouse and the 18th green for awhile before they could be sure.

Mrs. Cole shot a final-round 80 for a 54-hole total of 228 to win the Canadian women's close championship. Miss Brunham carded a final 83 for a 243 total to become the Canadian Junior champ.

But they both had an agonizing wait while golfers still on the course took a run at them. Both won by two strokes.

Joanne Goulet of Regina finished second in the close with a 230 total. Liz Ferrier of Cooksville, Ont., was second in the junior with 245.

Miss Brunham squirmed and fidgeted with her hat while Miss Ferrier lined up a 35-foot putt on the final green that would have given her a tie. But she three-putted and fell two strokes back.

Third place in the close went to Gayle Hitchens of Vancouver with 231. Others near the top

were Gail Harvey Moore, New Westminster, B.C., 232; last year's close champion, Marilyn Palmer of Kamloops, B.C., 233; Helene Gagnon, Arvida, Que., 234; Sue Hilton, London, Ont. 235; Barbara Turnbull, Saskatoon, 235; and Barbara Renwick, Vancouver, 236.

From there scores jumped to Miss Brunham's 243.

Following Miss Ferrier's 245 were Susan Kampman, Kitchener, Ont., 253; Holly Botham, Pitt Meadows, B.C., 250; Barbara Drake, Winnipeg, 257; Tannys Aspeg, Winnipeg, 257; and Helen Marlatt, Chilliwack, B.C., 259.

Mrs. Cole's final 80 was her worst of the tournament. Most of her trouble came on the 222-yard, par-3 fifth hole.

She pulled her tee shot to the left, recovered to get on the green in three, then three-putted.

The win was her first close championship although she had been runner-up in 1962 and 1964. Match play in the championship and two other flights begins at 8 a.m. The first championship match is due off the tee at 9:50 a.m.

Amateur Open Features Champs

VICTORIA (CP)—Several international champions teed off against each other today as match play began in the Canadian amateur golf tournament.

The first pairing in today's draw had medalist Bill Britten, the 1966 Australian amateur title holder, against Derek Kemp, South Africa's 1967 champion.

Gary Cowan of Kitchener, Ont., the current U.S. amateur king, found himself facing Comrie Du Toit of South Africa, the 1966 South African and Brazilian amateur champion.

Another pairing expected to produce good golf had John Fourie of South Africa against Boris Vezich of New Zealand. Both represented their countries in last week's Commonwealth matches.

Hugh Baiocchi was one international amateur star who barely reached the top 64 following 36 holes of qualifying play Monday and Tuesday.

Baiocchi, who celebrated his 21st birthday Tuesday, had to survive a playoff with 12 others tied at 151 after 36 holes of qualifying play. Six made the cut.

Medalist Britten, a 20-year-old promotional director, first had to struggle to equal par, then had to tussle with two other golfers before he could claim the low qualifier's medal in another playoff.

He teed off against Vancouver's Wayne Vollmer, who led opening-day play with a two-under-par 68, and Du Toit.

The three were the only ones from the field of 161 to equal par for two days over the tough, 6,507-yard, par 35-35-70 Royal Colwood golf course.

Du Toit was eliminated on the first hole which Vollmer and Britten halved with par fours.

Britten put the pressure on his Canadian rival on the second hole, another par four, when he dropped his approach shot 10 feet from the pin.

Vollmer's second shot bounded over to a new green under construction 20 feet from the pin. He was permitted a free drop but at a distance of another 10 feet away because of the construction.

He then chipped 10 feet short of the cup and missed the putt he needed for a par. Britten had no trouble getting down in regulation figures.

Qualifying at one-over-par 141s for the 36-hole test were Steve Ryan, Seattle, Art Donaldson, Vancouver and Keith Alexander, Calgary.

Grouped behind them at 143 were Dick Runkle, Los Angeles, Elwin Fanning, Seattle, Ben Karm, Cooksville, Ont., Bob Wylie, Calgary, Jim Scissons, Saskatoon and Jack Grundie, Vancouver.

Colwood proved a durable test of golf for the second day in a row Tuesday as only four golfers carded sub-par rounds.

Best qualifying round of the tourney was fired Tuesday—a sparkling, three-under-par 67 by South Africa's Rod Mullan.

The 31-year-old insurance salesman equalled the course record by canning four birdie putts and recording 13 pars.

He needed the 67 after firing an opening round 78.

Also needing his two-under-par 68 to qualify was Dick Dalasacoma of Redding, Calif., after an opening performance of 79.

Tuesday's other par-breakers were Bob Bouchier of Long Beach, Calif., and Du Toit, both with 69s.

Those qualifying with even par 70s included John South and Keith Alexander, both of Calgary. Ian Thomas, London, Ont., and Harry White and John Russell, both of Vancouver.

One golfer who easily made the cut with 146 was defending champion Nick Weslock of Burlington, Ont. The 49-year-old engineering consultant was paired today against Nick Mickoski of Winnipeg, former National Hockey League star.

His First Pitching Effort Will Be Tough To Beat

By THE ASSOCIATED PRESS

Bruce Von Hoff thought all day about making his first major league start and now that it's over National League batters have something to think about.

"I was told this noon by Speck Richardson (Houston general manager) that I was going to pitch," said the 23-year-old right-hander who was called up from Amarillo of the Texas League Monday. "I thought about it all day."

After eight innings of Tuesday night's game against Los Angeles Dodgers Von Hoff gave up four hits and no runs before being lifted for a pinch hitter in the bottom of the eighth.

However, he did not get the victory. But Houston did, 2-1 in 12 innings. The Astros had lost their 10 previous games by scoring a total of 25 runs while their pitchers gave up 70 and completed just one game.

In other National League games, St. Louis Cardinals beat the Chicago Cubs 6-4, Philadelphia Phillies swept New York Mets 2-2 in 12 innings and 7-5. San Francisco Giants topped Atlanta Braves 4-1 and Cincinnati Reds edged Pittsburgh Pirates 2-1.

MADE RIGHT MOVE

"I thought I could go another inning or two," said Van Hoff. "But Grady (manager Grady Hatton) made the right move."

The move was to pinch hit Julio Gotay for Von Hoff with one on and two out in the eighth. Gotay walked and Sonny Jackson singled to lead

the bases, but Claude Osteen got Joe Morgan to foul out. Larry Sherry then held the Dodgers until the 11th when Tom Dukes brought up Monday from Oklahoma City of the Pacific Coast League, took over.

The Dodgers broke through against Dukes when Jim Lefebvre singled home Nate Oliver. However, the Astros came right back in the bottom of the 11th. Bob Aspromonte singled off reliever Phil Regan, scoring Rusty Staub.

Houston then won it in the 12th when Morgan singled, and with two out, rookie Doug Rader doubled him home.

ROCKY COLAVITO
... Sox terror

A five-run sixth inning, highlighted by Julian Javier's two-run triple, keyed St. Louis to its victory over Chicago as the Cardinals opened up a 10½ game lead over Atlanta and

Cincinnati, which are tied for second place. The Cubs dropped to fifth, 11 games back.

Bill White's leadoff homer in the 12th gave Philadelphia its first-game victory. John Callison sparked the nightcap victory by driving in three runs with a homer and double.

The Phillies pulled off the sixth triple play in the majors this season, three in each league, in the second inning of the nightcap. With two on, Phil Linz grounded to Rich Allen, who stepped on third for one out and threw to Cookie Rojas at second for another force. Rojas then relayed to first baseman White to complete the triple play, the second the Mets have hit into this year.

Ty Cline lashed four straight hits and scored twice and Jim Hart belted a two-run homer in leading San Francisco to its victory. The homer was Hart's 27th.

Cincinnati tied Pittsburgh at 1-1 in the seventh and then won it in the eighth when Vada Pinson raced home on Tony Perez' double. The loss was the Pirates' sixth in the last seven games.

Mounties First By Single Game

By THE CANADIAN PRESS

Vancouver Mounties extended their Pacific Coast League baseball lead to two games Tuesday as they defeated Hawaii Island 7-6 in Hawaii while second place Spokane Indians were losing 3-1 to Seattle Angels in Seattle.

In other PCL games San Diego and Indianapolis split a doubleheader with San Diego winning the first game 3-0 and then dropping the nightcap 7-2. Phoenix twice defeated Oklahoma City by scores of 4-3 and 9-1. In two other games Portland Beavers edged Tacoma Cubs 5-3 in Tacoma and Denver defeated Tulsa 9-5 in Denver.

Vancouver twice had to come from behind to record their win over the Islanders. Vancouver scored in the second on solo homers by Randy Schwartz and Ozzie Chavarria. Vancouver extended their lead to 4-0 by the fifth inning. But Hawaii knocked starting pitcher Don Yingling out of the game in their half of the fifth and ended up scoring four runs to tie the score.

Both clubs picked up two runs in the seventh inning before Vancouver added one in the eighth to pick up the victory. San Diego and Indianapolis held each other scoreless in the opener until the third inning broke away with three runs in the fourth inning capped by Rich Barry's roundtripper. Jeff James hurled a three-hitter for the shutout. The Indians turned the tables in the second game by grabbing a 7-1 second-inning lead on the strength of a pair of homers by Cotton Nash that drove in five runs.

Cesar Gutierrez wallpapered a pair of two-run singles to account for all of Phoenix's runs in the opener with Oklahoma City. Oklahoma had marched out to a 3-0 lead before Gutierrez blasted his singles in the fifth and sixth innings.

A double and triple by Jim McKnight drove in four runs for Phoenix in the nightcap to put the Giants on the victory road again. Hal Haydel and Larry Miller combined to limit the Beavers to four hits while Phoenix batters pounded Oklahoma

pitchers for 14 hits. Portland was in front 3-0 at Tacoma before the Cubs eliminated any chance of a shutout with a run in the sixth. George Woodson took the win, his fourth of the year, with the help of two double plays and some excellent relief pitching by Bobby Tiefenauer.

The Spokane Indians didn't have a chance at Seattle. The Angels romped to a 2-0 lead in the second inning, then widened it to 3-0 in the fifth when Cottie doubled, advanced on a single by Hector Torres and scored on Don Wallace's single. A double by Tom Hutton sent Bart Shirley over home plate in the sixth for Spokane's only run.

Ron Keller pitched the distance as the Denver Bears trounced Tulsa. The Bears were ahead 3-0 when Tulsa launched a sixth-inning attack that evened the score. The Bears came back in the bottom of the sixth, however, with six runs on six hits to clinch the game.

B.C. Fought Off Alberta Golfers And Captured Willingdon Cup

VICTORIA (CP) — Par golf wasn't needed Tuesday as British Columbia withstood a late Alberta charge and captured the Willingdon Cup interprovincial team championship for the 12th time.

The four-man B.C. team carded a 575, three strokes better than defending champion Alberta, over the two-day, 36-hole tourney.

None of the nine teams that represented all 10 provinces beat par on either of the two 18-hole rounds.

B.C. finished closest to regulation figures on the par 35-35-70 Royal Colwood golf course layout of 6,507 yards but still was 15 strokes over.

Ontario, which began final round play in second place, six strokes back of B.C., placed third with 583; Quebec fourth with a 604; followed by Manitoba at 610.

LEADS SASKATCHEWAN

Jim Scissons of Saskatoon fashioned a three-over-par 143 for the two days of play and led Saskatchewan to a sixth-place finish with a 618 total.

The combined New Brunswick-Prince Edward Island shot 624 over the 36 holes. Nova Scotia placed eighth at 626 and Newfoundland was sadly outclassed at 665.

The Alberta foursome, which started seven strokes off B.C.'s opening-day pace, gave the winners a scare when all four either bettered or equaled par for the first nine holes Tuesday.

The Albertans' challenge left them in the lead by six strokes after 27 holes but it fell short on the final nine when B.C. stalwarts John Russell and Wayne Vollmer, both of Vancouver, carded two-under-par 33s.

Vollmer led B.C. with an even par 140 over the two days of play which were coupled with the 36-hole qualifying test for the Canadian amateur tourney.

Russell had 144. Johnny Johnston and Bert Tiechurst, also from Vancouver, 145 and 146 respectively.

The Albertans were led by three Calgarians—Keith Alexander 141, Doug Silverberg 144 and Bob Wylie 143. Edmonton's Tom Dalgety fired a 10-over-par 150 for the two rounds.

REACH AMATEUR

B.C., Alberta and Ontario each placed all four Willingdon Cup members in the final 64 golfers who stepped into match play today in the Canadian amateur.

Ben Kern of Cooksville was Ontario's leader with 143, followed by Nick Weslock, Burlington with 146 and Gary

JOHNNY RUSSELL
... shot 144 for 36 holes

Cowan of Kitchener and Ian Thomas of London, with 147s. Only 18 Willingdon Cup golfers, half the number on the nine provincial teams, made the cut for the amateur.

Two from Manitoba made the cut—Bill Plummer of Winnipeg with a 140 and Nick Mikoski, another Winnipegger, with 151. Scissons easily made it with a 143 total and so did Quebec's Paul Poullet (145), John Sale of Milltown, N.B., (150) and Charles Brace, Halifax (149).

The British Columbia win stopped Alberta's victory string at two, and the cup now has remained in Western Canada for five years.

Ontario, which last captured the cup in 1962 is the only Eastern Canadian province to win it in the last 10 years but is still the leader in Willingdon victories with 15 since the competition began in 1927.

Laguna, a skinny 5-foot-9 package of punching fury, boasts: "I'm going to knock him out. He's getting old and is ready to be taken."

"Great, let him put on the heat," retorted Ortiz. "I'll stretch him out. I know what he can do now and I'm gonna blast him out in the 10th or 11th maybe even sooner."

NEW YORK (AP) — Both lightweight champion Carlos Ortiz and challenger Ismael Laguna predict knockout victories tonight. If either comes through with a kayo jolt it could make for the best kind of finish to the widely criticized title fight at Shea Stadium.

This is the fight the Police Commissioner Howard Leary said New York could do without this riot-troubled summer.

Leary also had in mind the three missile-throwing riots during a 21-month span at Madison Square Garden following three decisions against main eventers of Puerto Rican descent.

The 15-year-old is a third rubber bout between Ortiz, a 30-year-old Puerto Rican-born New Yorker, and Laguna, the 24-year-old "Tiger" of Panama.

Laguna dethroned Ortiz in Panama on April 10, 1965, and then was beaten by Ortiz in a return at San Juan, Puerto Rico, seven months later. Not a single knockdown was scored by either in the 30 rounds. Neither ever has been stopped.

Largest Swim Class Held At Westbank

WESTBANK—The end of July saw the close of the largest swimming class yet held in Westbank, with 170 children of all ages taking part under the leadership of Miss Esther Gorman, assisted by Miss Connie Currie, Miss M. McCarthy and Miss Virginia Martens. Following the four weeks of daily lessons, certificates and badges were distributed to all successful participants as follows: Passed from second frogs to first frogs: Marley Busch, Kevin Harder, Karen Ficke, David Jones, Gary Jones, Stanley Leachert, Kelly Milroy, Jennifer Romanchuk, Beverly Thompson and Tommy Zeigler.

Passed from first frogs to seahorses: Mary Jean Bennett, Darrel Cornish, Billy Cornish, Jeanie Cornish, Bianca Calissi, Pierre Calissi, Mary Ann Cornish, Douglas Faulkner, Sharon Ficke, Tommy Kendall, Heather Loyst, Allan Milroy, Danny Milroy, Donna Kneller, Marcel Matte, Peter Romanchuk and Tami Taneda.

Passed from seahorses to second beginners: Robbie Buhler, Karen Busch, Andrew Bennett, Gregory Bennett, Shelly Davidson, Chris Ensign, Ed Gaskell,

NEW POSTING

Const. G. W. Clement, son of Mr. and Mrs. L. G. Clement of Winfield, recently completed recruit training at Penhold, Alta. The constable joined the Royal Canadian Mounted Police in January and will now be posted in Saskatchewan for duty.

DISTRICT SOCIAL PEACHLAND

Sincere condolences go out to Mr. and Mrs. C. H. Houghtaling who returned home last week after attending the funeral of Mr. Houghtaling's mother at the coast. Sympathy is also extended to Mr. and Mrs. John Houghtaling and family and Mr. and Mrs. Don Houghtaling and family on this loss.

Visitors at the home of J. H. Wilson are their daughter and son-in-law Mr. and Mrs. R. Riddle and daughters from Vancouver.

Staying at the Beacon View Motel are Col. Warner Gardener and son Col. Gardener, owner of Unlimited Hydroplane Miss Lapeere, will take part in the unlimited hydroplane races in Kelowna this week. They placed second in the Gold Cup Races.

Leaving last week after visiting Mr. and Mrs. C. O. Whinton were the former's brother-in-law H. Platt of Winnipeg, accompanied by Mr. Platt on the drive to Winnipeg was Mrs. Norma Rumer, Mr. Whinton's sister who has been visiting at the Whinton's for the past month. Mrs. Rumer will fly from Winnipeg to her home in Montreal.

Mr. and Mrs. L. B. MacPherson were pleased to receive the news that their son J. MacPherson from Port Coquitlam has been chosen as source dancer caller for B.C. night at next year's Pentiction Square Dance Jamboree.

The results of the partial phoning survey undertaken by women's organizations in Peachland to find out if Peachland residents wish to take part in the Central Okanagan United Appeal are now in. As a whole Peachland residents do not wish to join this United Appeal. H. Lyon, President of the Peachland and District Chamber of Commerce, was given this information at the end of the week. Many people feel that United Appeal is a good thing but would like it to be a solely Peachland United Appeal, maybe a public spirited group will organize in Peachland later this year.

The annual senior citizens garden party will be held at Rustonia, the home of Mr. and Mrs. W. Solway, on Aug. 18, from 2:30 until 5.

John Norman Pratt, convener for the visit of the Centennial Caravan which will visit Peachland on Aug. 31, said that all arrangements are now finalized. The official opening ceremonies will take place on the school grounds at 10:30 a.m. with the centennial chairman, Reeve Thwaite and council members, and centennial committee members from Westbank all taking part. Ladies of the centennial committee are planning a concession booth to be open most of the day.

Day Of Pioneers Marked In Ceremony At Vernon

By MABEL JOHNSON

VERNON—Sunday was a day set apart for the pioneers of the city and district — men and women who had contributed to the warp and woof of Canada for the past 75 years.

It was the occasion when the Vernon Centennial Committee presented pioneer medallions to those persons who were either born in Canada 75 years ago or brought to this country before that time. Of upwards 70 people who were expected, only three were unable to come; they were represented by a member of their family. There were others who qualified, but for health or other reasons, were prevented from attending. Mrs. Gordon Nutrie was chairman of the afternoon affair, held at 2 p.m. in the Recreation Centre. Mrs. Nutrie was the centennial committee chairman of this portion of its activities.

Mr. Justice Seaton presented four medallions personally. They were to: Chief Pierre Louis of the Okanagan Indian Band, Mrs. A. H. Sovereign and Mrs. H. K. deBeck, also to Jabez Kneller. The remainder of the medallions were given to the recipients by John Maynard and Dennis Overend, committee members, after each had been introduced by Mr. Justice Seaton, such introduction including a brief biography of the honoree.

In alphabetical order, those receiving medallions were: Miss Philomene Ashton, Jerry C. Atkinson, Mrs. Luta A. Bagnall, Mrs. Julia A. Bond, Thomas A. Brownlee, John D. H. Butchart, Mrs. Adelaide J. Byers, Mrs. Mary Eva Campbell, Mrs. Isabella W. Campbell, Ellis M. Clark, Samuel Copeland, Ivan Crozier, Mr. and Mrs. W. Frank Culver, Mrs. Lilly Curley, Mrs. Lucy Clara Daem, Francis G. deWolf, Miss Mabel Donaldson, Richard D. Douglas (unable to attend, medallion received by his son, Ben Douglas), Mrs. Jesse

Sailor Plucked From Atlantic

NEW YORK (AP)—A sailor, rescued after clinging for three days to the wreckage of a yacht in the Atlantic, was taken today to hospital. He was suffering from exposure and fatigue.

A coast guard cutter carried Chris Brooks, 22, to a pier where an ambulance picked him up at about 4 a.m. Again and again, Brooks asked for drinking water. "I don't think I'll ever stop being thirsty," he said.

There was still no word on Brooks' four companions who were reported missing after the yacht, a 64-foot converted shrimp boat called the Lanran, sank last Friday.

One of the missing is Dr. James Dodge, 56, of Hamilton Township, N.J., a physician who has been involved in two other mishaps at sea.

Rutland Plans To Have Ball For Centennial Celebrations

RUTLAND — A well attended meeting of the Rutland Centennial Celebration committee, held in the park hall on Monday evening, advanced plans for the big event closer to completion. Plans for the nineteenth century costume party and dance in the new community hall were outlined by William Jerome, chairman of the sub-committee in charge. His plans indicate that this event, to be staged from 10 p.m. to 2 a.m. on the night of Sept. 1, will be a colorful and enjoyable affair.

For Sept. 2, the Minor Baseball Association has lined up three ball games, representative of the three divisions of the league. Percy Wolfe reported. William Newman, reporting for the Lions Club, stated that a program of races for the young people, and some for adults, had been arranged, some to take place in the morning and to include some novelty items. Andy Kirsch reported a good response

the proposed Old Timers' baseball game, which will be a feature of the afternoon.

A suggestion by Mrs. Kelly Slater that the crowing of a new Miss McIntosh be held in connection with the centennial celebration was discussed at some length.

This event had previously been held in the spring, in conjunction with the May Day celebrations, but due to a slip up on the part of the chamber of commerce, did not take place this year.

The meeting approved the idea and plans were formulated for the selection of a new Miss McIntosh, but not before some considerable discussion regarding a suggested change of name to Miss Rutland, which was opposed by Hugh Fitzpatrick, who has been an active promoter of the contest in past years.

Plans for the setting up of refreshment booths on Friday, when the centennial caravan

will be located in the Rutland Park from 10 a.m. to 10 p.m. are in the hands of the WA to the centennial committee, headed by Mrs. John Bach. Plans also include the serving of a pancake breakfast in the morning of Sept. 2 for the benefit of workers and helpers who have to come early to set up booths, and prepare for the day's many events.

Arrangements for special speakers and ceremonies on the Saturday are still incomplete. The fire brigade representatives reported that due to the long hot spell, and the extreme fire hazard at this time, it was uncertain whether a permit could be obtained for the proposed fireworks display on the Saturday evening. A break in the weather in the intervening period might alter the situation. The committee will meet again Monday next at 7:30 p.m.
